

Genex Care for Ohio MCO

Fast facts

- › Monopolistic state
- › Governing body is the Ohio Bureau of Workers' Compensation (BWC)
- › Mandatory for all employers insured through the state fund
- › Must be certified as an MCO by the state to participate
- › Employers select MCO or state will assign
- › MCO program funded by Ohio BWC with percentage of employer-paid premiums
- › Genex will assist the self-insured employer by providing the required components of the program

The selection of an MCO is an important decision for Ohio state-funded employers, and is an integral part of an employer's human resource and benefits program. Genex Care for Ohio* provides clients with ways to manage workers' compensation medical claims and indemnity costs. Your company's productivity increases and workers' compensation premiums decrease when your injured workers are restored to good health and safely returned back to work.
